Final-year B.Tech in Computer Science Engineering student with hands-on experience in full-stack development using MERN. Skilled in building responsive applications, APIs, and integrating third-party services. Seeking a challenging full-stack development role to apply and grow my skills

## Education

### Zealot Public School

*Intermediate in Physics, Chemistry, Mathematics*

**April. 2019 – May 2021**

*Badaun, Uttar Pradesh*

### Invertis University

*Bachelor of Technology in Computer Science and Engineering*

**Aug. 2021 – June 2025**

*Bareilly, Uttar Pradesh*

## Internship

### Cognifyz Technologies

*Full Stack Development Intern*

**July 2024 – Aug. 2024**

*Noida*

- Designed and developed a responsive web application using React.js for the front end and Node.js with Express.js for the back end.
- Managed data storage and retrieval using MongoDB, ensuring seamless functionality and performance.
- Implemented core functionalities, including user authentication, CRUD operations, and RESTful API integration, while resolving bugs to enhance application efficiency.
- Collaborated with the team using Git and GitHub for version control, delivering a scalable and functional project within the given timeline.

Collaborated with the team using Git and GitHub for version control, delivering a scalable and functional project within the given timeline.

## Projects

### Food Delivery Website | *ReactJs, Express, NodeJs, MongoDB*

**Aug 2024**

- \* Developed a food delivery website using the MERN stack with seamless front-end and back-end integration.
- \* Designed a user-friendly and responsive interface with React.js and Tailwind CSS, enhancing user experience.
- \* Built a back end with Node.js and Express.js, including RESTful APIs for managing orders, user authentication, and dynamic data handling.
- \* Integrated Stripe Payment Gateway for secure and efficient online transactions.

### Personal Portfolio Website | *ReactJs, NodeJs, Express, MongoDB, ThreeJs*

**Oct. 2024**

- \* Built a personal portfolio website with an integrated admin panel using the MERN stack and Three.js for interactive 3D visualizations.
- \* Built a admin panel for seamless content management, including projects, blogs, and user inquiries, ensuring dynamic updates..
- \* Developed a responsive front end with React.js, a secure back end with Node.js and Express.js, and managed data with MongoDB..

Live Link: Portfolio

### Job Portal | Online Chat application

**May 2024 - July 2024**

- \* Developed a job portal and chat app using the MERN stack.
- \* Included real-time chat, job applications, authentication, and role-based access.
- \* Used React.js, Node.js, Express.js, MongoDB, and Socket.IO for seamless functionality.

## Technical Skills

**Languages:** Python, HTML/CSS, JavaScript, ReactJs, NodeJs, Express, SQL, ThreeJs

**Developer Tools:** VS Code, Figma, Google Cloud Platform

**Technologies/Frameworks:** Material UI, Bootstrap, GitHub, Tailwind CSS, Gsap
