Bareilly, Uttar Pradesh 243001

## CAREER OBJECTIVE

Seeking a challenging position in a reputed organization where I can learn new skills, expand my knowledge, and leverage my learning's.

## SKILLS

- C++
- HTML
- CSS
- JavaScript
- Bootstrap
- WordPress
- Java Core

## PROFESSIONAL EXPERIENCE

- **Cloudmonte Technologies Pvt. Ltd, Noida Sec-6** **17 June2024 - 17 August 2024**  
Frontend Web Developer Intern

## PROJECT

- **Ecommerce Website**  
Developed an e-commerce website using WordPress, featuring categories for electronic devices, laptops, mobiles, and Bluetooth accessories. Managed product listings, integrated secure payment gateways, and customized features like advanced product search and customer reviews.
- **Quiz App**  
Developed a responsive quiz app using HTML, CSS, and JavaScript. The app features a user-friendly interface that adapts seamlessly to different devices. Implemented a timer counter to track the duration of each quiz, adding a sense of urgency and challenge. Upon quiz completion, the app dynamically calculates and displays the user's results, providing immediate feedback on performance.
- **Systematic Investment Plan (SIP) Calculator**  
Developed a SIP Calculator using HTML, CSS, and JavaScript. The app allows users to input their monthly investment amount, expected annual return rate, and investment duration. It calculates the future value of their investments and displays the results dynamically. The user-friendly interface is responsive, ensuring accessibility on various devices.

## EDUCATION

- **Master of Computer Application (2023-25)**  
Invertis University, Bareilly
- **Bachelor of Computer Application (2020-23)**  
RBMI Group of Institution, Bareilly
